

Fall 2016 Fundraising Challenge!

We have been given a special challenge! The Leon Levine Foundation has offered a matching grant of up to \$20,000 as a match in donations. This is a dollar for dollar match for all new, increased and lapsed donations we receive now until November 30th, 2016! All funds will go towards helping our cancer patients achieve remission or other positive outcomes from their cancer treatments.

So far, the new program for our cancer patients has been a growing success. Our first guest had her lung cancer go into total remission and a second guest is in the final stages of her treatment plan and is having very positive results! For this reason we ask your help, to be able to prove that the Samaritan House is an effective means toward healing members of our homeless population, including those who have the most serious of illness-cancer.

Any new gift, renewal of giving, or increase in giving can help us achieve our goals with this grant. It all helps us meet the challenge of caring for these seriously ill people who otherwise face premature death. If interested in donating, you may do so through our website, mail or by stopping by the house and dropping it off. Together, we can achieve some great things for our community.
